

The CCAH Center for the Arts will finally be a reality

CCAHA has been around since 1974. We started with the Carbondale Mountain Fair and grew into a support for local artists, musicians and the community in general. In the last 36 years, we have continued with our original vision but now are doing so much more. We still support local artists and provide incredible music but we also work closely with the schools, collaborate with other non-profits, present a wide variety of humanity offerings, and, in general, make sure that Carbondale continues to be an amazing, vibrant community.

With our impending move to the Third Street Center, we will be able to meet growing community needs. We will have a larger gallery, access to a performance space and – at last – our very own classroom, a long time dream about to come true. This is an awesome and wondrous time for us. The possibilities for the CCAH Center for the Arts are endless. We will be able to make an even larger impact on all of our community than we do now. We will also be part of the larger community that is the Third Street Center, a center that will eventually be the home to more than 25 community non-profits all working separately but, in essence, working together. We ask you to join us in creating The CCAH Center for the Arts. Please call CCAH at 963.1680 to find out how you can help. We can't do it without you!

Thank-you for all the support!
