Third Street Center comes alive

Its grand opening bash is planned for Saturday, and Carbondale's new non-profit hub is already buzzing with activity. Some of the Third Street Center's 33 future tenants have already set up shop — artists, fitness trainers and others have moved in around the "round room," Lift Up is handing out food from the long hall of the center — and bike racks and playgrounds that have been quiet since Carbondale Elementary School closed are coming back to life.

The Third Street Center will throw its opening party from 4 to 9 p.m. on June 19. Aside from the ribbon-cutting ceremony the event will include live music and dancing, kids activities, guided tours, and plenty of food and drink.
